

## SIMP Research Grant in Crystal-chemistry, in memory of Prof. Fiorenzo Mazzi

The Italian Society of Mineralogy and Petrology's Grant for Research in Crystal-chemistry is funded by the legacy of the late Prof. Fiorenzo Mazzi (1924-2017), an eminent Italian mineralogist and crystallographer (founder and first President of the Italian Crystallographic Association), and supports **two grants** per year for research projects in the field of crystal-chemistry, targeting projects in the areas of mineralogy, petrology, geochemistry and georesources.

Early career **staff researchers** of Italian Universities (RTDA, RTDB and PA) or other Public Research Institutions are encouraged to apply. The award selection will be based on the qualifications of the applicant, and quality, innovativeness, scientific significance, and likelihood of success of the research project.

The eligibility requirements for the grant are that the applicant:

- must not be over 40 years old (40<sup>th</sup> birthday before the deadline of the call);
- is a SIMP member since at least 3 years;
- is not a SIMP councillor;
- must not be principal investigator or research unit coordinator of national or international financed projects;
- must not be the recipient of any additional research grant, for more than 3,000 € in the same year of the present grant.

The two grants, up to 5,000 € each, are for research-related costs; maximum duration: 24 months. Travel to non-research fieldtrips, tuition, non-research living (room and board) expenses, cost of contracts of non-employees, specifically to recruit, cost of equipment, instruments and software are not suitable uses of the grant. Neither should the grant be used for salary or wages for the researcher. Proposals that make such requests will not be considered further.

The successful applicant will also be asked in the first and second year following the grant to write a short summary of how the money was spent. The grant must be addressed in the funding section of published papers related to the project.

The grant can be awarded to the same researcher only once.

The application form must be sent by the **31<sup>st</sup> March, 2023**, to: [socminpet@pec.it](mailto:socminpet@pec.it).

As an alternative, without the guarantee of the certified e-mail, to: [segreteria@socminpet.it](mailto:segreteria@socminpet.it).

Pisa, 01/03/2023

Francesco Princivalle  
President of SIMP

### Processing of personal data (Regulation EU 2016/679)

In compliance with the GDPR and Italian Legislative Decree no. 196 dated 30/06/2003, the candidates hereby authorize the recipient of this document to use and process their personal details and they confirm to be informed of their rights in accordance to art. 7 of the above mentioned Decree.

In accordance with applicable privacy laws (EU Regulations n. 679, 2016), the Società Italiana di Mineralogia e Petrologia, via Santa Maria 53- 56125 Pisa, inform the candidates that their personal information will be processed in an ethical and transparent manner, only for the purposes to assign the research

# SOCIETÀ ITALIANA DI MINERALOGIA E PETROLOGIA

Assoc. riconosciuta (R.D. 12-12-1940, n.1901 e D.P.R. 22-12-1970, n.1395)

grants, and with a protocol that safeguards their privacy and rights, including rights of access to, adjustment, erasure, limitation of, or objection to the processing of their data, as well as data portability rights, when and insofar as applicable (Articles 15-22 of the EU Regulations n. 679, 2016). The Società Italiana di Mineralogia e Petrologia, will store the data of the candidates limited to the time demanded to assign the research grants and no longer than 36 months. Their data will be treated uniquely by persons appointed by the Società Italiana di Mineralogia e Petrologia.

The candidates have the right to ask the data controller to access personal data and to correct or cancel them or limit their processing or to oppose the processing (articles 15 and following of the GDPR). In addition to writing to the company address, the appropriate application can be submitted by writing to the address [privacy@socminpet.it](mailto:privacy@socminpet.it).

The interested parties, if the conditions are met, also have the right to lodge a complaint with the Guarantor for the protection of personal data ([www.garanteprivacy.it](http://www.garanteprivacy.it)) as supervisory authority according to the procedures envisaged.

Candidates can also file a complaint with the Data Protection Authority, according to the procedures set forth under applicable regulations.

For any other concern, and to assert your rights under the EU Regulation, please contact:

Data Controller: The President (as legal representative) of the Società Italiana di Mineralogia e Petrologia, Via S. Maria 53, I-56126 Pisa, Italy (contact: [segreteria@socminpet.it](mailto:segreteria@socminpet.it)).

Data Processor: The Secretary and the Treasurer of the Società Italiana di Mineralogia e Petrologia (contact: [segreteria@socminpet.it](mailto:segreteria@socminpet.it)).
